### **Other relevant experiences**

12/2015 - The Bed-Bad-Brood Collective  
This was a project I did with the inhabitants of the BBB project of the INLIA Foundation in Groningen. Together we made a 1000 x 150 CM painting. The concept of this project was about the collaboration of a group of people from various nationalities and ages and the sense of togetherness and companionship while doing an act of creative outing. There were no rules and no overall theme. The painting that resulted out of this project was exhibited at the "Kijk, een gast in huis" Exhibition in Roden.

2015 - Chairwoman of the organizing committee of the 3rd year exhibition "March Expo" of Academie Minerva

2015 - Member of the PR committee of the "Maydays" Exhibition of Academie Minerva
